1992 ALBANY CONFERENCE
Patterns of Biological Organization - October 8-11, 1992

SESSIONS/SPEAKERS

Keynote speaker:

Hermann Haken
University of Stuttgart

1: **Sequence analysis and secondary structure**

Charles E. Lawrence: discussion leader
Wadsworth Center for Labs and Research

Jean Michel Claverie
National Institutes of Health

David L. Waltz
Thinking Machines, Inc.

Michael Zuker
National Research Council:
Institute for Biological Sciences

2: **Tertiary structure prediction**

George Berg: discussion leader
University at Albany · SUNY

James Bowie
University of California at Los Angeles

Stephen Bryant
National Institutes of Health

Rick Fine
Biosym Technologies

François Michel
Centre de Génétique Moléculaire
CNRS

3: **Macromolecular function**

Jacquelyn S. Fetrow: discussion leader
University at Albany · SUNY

Fred Cohen
University of California

Judith Hempel
Biosym Technologies, Inc.

Chris Lee
Stanford University Medical Center

4: **Recognition and assembly**

Joachim Frank: discussion leader
Wadsworth Center for Labs and Research

David DeRosier
Brandeis University

John Sedat
University of California at San Francisco

Phoebe Stewart
University of Pennsylvania

5: **Development**

John Reinitz: discussion leader and speaker
Yale Medical School

Brian C. Goodwin
Open University

Michael Levine
University of California at San Diego

George Oster
University of California at Berkeley
